Professional Summary

A dedicated **Software Engineering student (Final Year)** at Damascus University and a **Frontend Developer** with over 3 years of technical experience. Alongside a strong proficiency in building secure and responsive web applications using **React.js**, I have demonstrated exceptional **leadership and civic responsibility** through my role as a **Student Representative**. Proven ability to manage full project lifecycles, optimize digital presence, and implement innovative solutions like AI-driven assistants. Committed to applying engineering principles and professional communication skills to support institutional goals and digital transformation initiatives.

TECHNICAL SKILLS

- Solid foundation in **Software Engineering principles**, including **SDLC** and project structuring.
- Strong Understanding of frontend technologies like **HTML**, **CSS** and **JavaScript**.
- 3 Years of Experience in **Frontend Development (React.js & Next.js)**.
- Implement UI Designs with Precision and Attention to Detail Using **Tailwind CSS** Framework.
- Ability to Develop **Responsive** Designs that Work Across Various Devices.
- Experience integrating **RESTful APIs** with frontend applications.
- Familiar with **Git** and version control workflows.
- Ability to efficiently leverage **Artificial Intelligence** tools to enhance productivity, optimize workflows, and support problem-solving in development tasks.

SOFT SKILLS

- Strong Communication & Teamwork Abilities.
- Leadership & Team Management.
- Excellent Problem-Solving and research skills.
- Highly organized with great time management.

EXPERIENCE

Frontend Developer | SweetSpot Tech *March 2025 – April 2026*

- Managed the full deployment lifecycle, including hosting the **SweetSpot** project on shared hosting and configuring the **Shammall** project on a VPS server.
- Optimized web applications for Search Engine Optimization (SEO), significantly improving **Google search rankings** and online visibility.
- Implemented precise and responsive UI designs using Tailwind CSS, ensuring **cross-device compatibility**.
- Integrated an **AI Assistant** leveraging **RAG (Retrieval-Augmented Generation)** architecture, enabling real-time, data-driven responses from custom knowledge bases.

Frontend Developer | Freelance & Personal Projects

- Built dynamic single-page applications (SPAs) using React.js, focusing on component-based architecture and user experience.
- Successfully delivered a real-world dashboard interface (admin panel) for a client in Norway.

EDUCATION

Damascus University

Information Technology Engineering

(Fifth Year, Software Engineering Specialization)

2020-Present

LANGUAGES

- Arabic - Native
- English

Volunteer Experience

Student Representative | Student Union Faculty of Information Technology Engineering – Damascus University April 2025 – Present

- **Student Support:** Actively listened to student concerns and academic issues, providing direct assistance and guidance.
- **Liaison & Advocacy:** Served as the primary link between the student body and faculty administration to ensure all grievances were addressed by the authorities.
- **Event Coordination:** Organized and managed various college events, workshops, and student activities, ensuring smooth execution and high engagement.

Volunteer Organizer | Damascus International Book Fair (Student Union Pavilion) – Feb 2026

- **Pavilion Management:** Supervised the daily operations of the Student Union section, ensuring all materials and resources were well-organized.
- **Visitor Relations:** Welcomed guests, answered inquiries regarding the faculty and its programs, and provided guidance to students and visitors.

Logistics & Organization Committee Member | Damascus Collegiate Programming Contest (DCPC) – June 2026

- **Event Operations:** Assisted in the successful execution of the programming contest, managing on-site logistics, team seating arrangements, and schedule flow.
- **Participant Support:** Handled registrations and provided immediate assistance to competing teams and judges to ensure a seamless contest experience.
